One day, a lion is sleeping. A mouse runs over the lion's nose and the lion wakes up. The lion is angry. The mouse is scared. "I'm very sorry," says the mouse. "Don't eat me! I can help you one day."

The lion laughs. "That's funny!" it says. "You are little! How can you help me?" But the lion is not angry now. The mouse runs away.

One year later, the lion is walking in the jungle. A big net falls over the lion. The lion opens its mouth and roars. The mouse hears the lion and it runs to help. "I can help you," says the mouse. Champa the Sun Bear

Cat Tien National Park is in the south of Viet Nam. It is a very big rainforest. The park has lots of wild animals living in it. You can see lots of interesting birds in the park. You can see elephants, crocodiles, monkeys, snakes, and bats, too. As well as animals, Cat Tien National Park is famous for its trees and flowers.

There are lots of places to walk in the park. If you are lucky, you might see some wild animals. The best time to see animals is at night. In Cat Tien National Park, you can go on a night walk. The guides give you special boots and flashlights and take you into the forest after dark. You need to be quiet because wild animals are frightened of people.

Champa is a sun bear. She is 12 years old. Bears usually live in the forest but Champa lives in the bear center at Cat Tien National Park. The bear center has a swimming pool, climbing towers, and comfortable places for Champa to sleep, eat, and play. Some of Champa's family members live there with her. There are some trees in the bear center and Champa loves to climb to the top of them.

Champa has big teeth but she mainly eats fruit. Champa's favorite food is mangoes, but she also eats apples, nuts, eggs, and honey. The park keepers bring Champa and her family fruit to eat every day. Sun bears usually sleep during the day and wake up at night. Champa likes the park keepers and wakes up when she hears them bringing food in the evenings.

Banh Giay and Banh Chung

Once upon a time, King Hung VI decided to hold a competition for his sons to welcome the coming Tet. The son who won would become the next king. He said to his sons, "You must find the most special and delicious food in the land."

The princes searched the land. Each time they found a delicious food, they took it to their father and hoped they would be king. The poorest 18th prince, Lang Lieu, was a very kind person. He stayed at home to take care of his father. One day, Lang Lieu dreamed of a new food which was made with rice. He thought rice was the most special food in the land.

He got up and started to make one cake in the square form of earth called *banh chung*, and one in the round form of sky called *banh giay*. The cakes were made from sticky rice, pork, and green beans. *Banh chung* was wrapped in *dong* leaves and tied with bamboo strings.

The King really loved the cakes. He decided that Lang Lieu would be the next king. He sent the recipe for *banh chung* and *banh giay* to all the people in the land. From that day on, Vietnamese people cook these special cakes at Tet and at other celebrations.

My Tet holiday

Last month was the Tet holiday. All of my family came to my hometown to celebrate together. My hometown, Da Nang, is in the middle of Viet Nam. My cousins traveled from Ho Chi Minh City by plane!

Before Tet, we cleaned our house to prepare for the holiday. On New Year's Eve, there was a party at my grandparents' house. They live at the top of a hill. Their house is very beautiful. There are orange trees and lots of flowers.

On the first day of Tet, my brother and I dressed in new clothes, and my grandparents gave us lucky money. We stayed at home with our family. We ate *banh chung* and fruit. We played lots of games.

We visited our friends on the second day of Tet. They had new clothes and lucky money, too! We walked along the beach. We laughed and talked together all day.

On the third day, we took gifts to our teachers. My teacher's house is between the beach and the town. I gave her flowers and fruit. My teacher was happy to see me and said, "Happy New Year!"

My holiday was very happy. I love Tet!

Solowheel 1500W

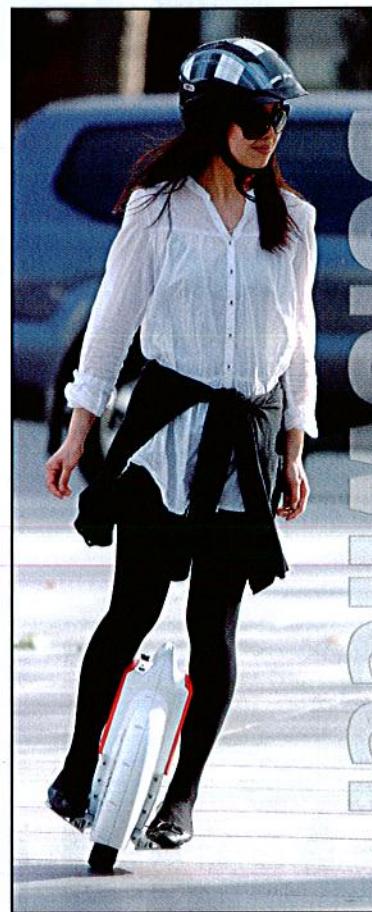

Is this the future of transportation in Viet Nam? The makers of the Solowheel 1500W certainly hope so. It is perfect for short distances of around 5 to 10 kilometers. The Solowheel is easy to use. You drive it with your legs. It is only 11 kilograms and very small so you can keep it easily at home or at school. It uses electricity to move so you can charge it at home and don't need fuel.

It is smaller than a motorcycle or car, so you won't get stuck in traffic. It is safer than a bicycle because you don't have to drive on the road. The Solowheel is much faster than walking, but you shouldn't drive it too fast! The top speed is 16 kilometers per hour.

You don't need special shoes to use the Solowheel. Your hands are free, so you can carry your bags. You can even use the Solowheel in the rain!

You need to practice to learn how to use the Solowheel, just like riding a bike. Once you have practiced, it is comfortable and fun to use.

The Solowheel could be the future of transportation in Viet Nam!
