GRAB! A calendar

January

MON	TUE	WED	THU	FRI	SAT	SUN
30	31	1	2	3	4	5
6	7	8	9	10	11	12
13	14	15	16	17	18	19
20	21	22	23	24	25	26
27	28	29	30	31	1	2

February

MON	TUE	WED	THU	FRI	SAT	SUN
27	28	29	30	31	1	2
3	4	5	6	7	8	9
10	11	12	13	14	15	16
17	18	19	20	21	22	23
24	25	26	27	28	29	1

There are 3 weeks between 3rd January and 24th January.

Work out how many weeks between each pair of dates.

- 1 6th February and 20th February
- 2 25th January and 1st February
- 3 27th January and 24th February

Kittens leave home six weeks after their birth. What day will each kitten leave home?

- | | |
|----------------------------|----------------------------|
| 4 Tabby, born 11th January | 6 Mog, born 2nd January |
| 5 Tess, born 5th January | 7 Claud, born 16th January |

What date is 12 days earlier than:

- | | |
|-----------------|------------------|
| 8 19th January? | 10 6th February? |
| 9 2nd February? | 11 1st March? |
- 12 Is the month of February shown at the top from a leap year?
 - 13 How many days are there altogether in this year?

I am confident with days and weeks of the month.

Write the answers.

- 1 Write the days of the week in order.

What month comes after:

- 2 January?

- 4 October?

- 3 April?

- 5 December?

What month comes before:

- 6 March?

- 8 July?

- 7 September?

- 9 January?

How many days in:

- 10 January?

- 14 April and May?

- 11 3 weeks?

- 15 October and November?

- 12 December?

- 16 a year?

- 13 June?

- 17 a leap year?

How many weeks in:

- 18 a year?

- 20 December?

- 19 February?

- 21 2 years?

If the 1st January is a Tuesday how many Fridays will there be in January? What about Thursdays?

I am confident with days of the week and weeks in the year.
